

HRSimple

Simplified Vacancy and Requisition Management

SAP SuccessFactors

¡Optimize your selection processes from vacancy!

HR Simple, designed by nBC Services, automates the management of vacancies and requisitions, reducing time, costs and operational errors.

HR Simple is an app integrated with SAP SuccessFactors that simplifies and accelerates vacancy and requisition management. Its intuitive design and automated functions allow companies to manage recruitment processes efficiently, regardless of the industry.

What is HR Simple?

Key benefits

- **🕒 Optimize time**

Automates the management of essential data to create and update vacancies, significantly reducing manual effort.

- **🔧 Simplifies requisition management**

Generate requisitions with a unique ID and reason automatically, eliminating clerical errors and duplication of tasks.

- **🚀 Streamlines selection processes**

Synchronizes data with the SAP SuccessFactors Recruitment module, enabling faster and more efficient hiring.

- **📊 Improved operational efficiency**

Ensures that vacancy information is always up to date and accessible for more accurate decision making.

- **🏢 Multisectorial and adaptable**

Ideal for companies in any industry looking to optimize their HR management.

- **🔗 Seamless integration with SAP SuccessFactors**

All processes synchronized for greater efficiency and accuracy.

- **⚡ Saves time and costs**

Automation and digitization that boost your productivity.

Why choose HRSimple?

With HR Simple, simplify vacancy management and recruit talent faster than ever!
